CORRECTED APPLICATION DATA SHEET

Dear Sir:

Applicants hereby file electronically a corrected Application Data Sheet (PTO/SB/14) to replace the Application Data Sheet filed 07/31/2006. The present Application Data Sheet is corrected in the Domestic Priority Information section regarding the designation of the Continuity Type for the above-mentioned application.

More specifically, "Continuation of" is now changed to "a 371 of international". The correction conforms the priority information in the corrected Application Data Sheet to that listed in the Transmittal Letter to the United States Designated/Elected Office (DO/EO/US) Concerning a Submission under 35 U.S.C. 371 (PTO-1390) and in the Preliminary Amendment, all filed on 07/31/2006. The Patent Electronic Filing Acknowledgement Receipt issued by the PTO on 07/31/2006 also lists the Application Type as a U.S. National Stage under 35 USC 371.

Entry of the corrected Application Data Sheet is respectfully requested.

No fees are understood to be due in connection with the filing of this corrected Application Data Sheet. However, if a fee is determined to be due, authorization is hereby granted to charge Nufern Deposit Order Account No. 50-2343.

Respectfully submitted,

/Peter J Rainville/
